M., by which one woman was killed and sixteen persons injured. The accident was caused by a broken rail, the train running at the rate of 35 miles an hour.

HOOVER FOR GRANT.—"Fighting Joe" Hoover has declared himself for Grant and Colfax.

FUNERAL OF WM. K. TATT.—The last tribute of respect was paid yesterday to the remains of the late William K. Tatt, of Williston. The funeral procession, after prayer and a final address to the friends and the innumerable fraternity present, by Rev. Mr. Campbell, pastor of the Universalist Church, moved from the residence of the deceased at 11 a. m. to the cemetery, about a fourth of a mile distant. Over 200 persons testified their love and friendship for their departed brother by attending his funeral. Burlington Commandery, No. 2, in full uniform, eminent Capt. General Edward A. J. Watt, as commander, performed escort duty to the remains of their late Generalissimo. The pall-bearers were, St. Knights Geo. W. Bromley, of Huntington; Geo. H. Bigelow, of Burlington; Comp. Noah Allen, of Burlington; Bro. Russell J. Morse, of Bolton; Smith Wright, of St. George; and Lyman Shipon, of Jericho. The impressive ritual of the order at the grave was admirably given by Ira W. Sayles, W. M. of North Star Lodge, Rev. Sir R. T. F. Smart, Preceptor of Burlington Commandery, acting as chaplain. The procession of the fraternity embraced North Star Lodge of Richmond, 101 strong; Washington Lodge of this city, and Webster Lodge of Winoski, 75 strong, and respectable delegations from Seneca Lodge, of Milton; Patriot, of Hinesburgh; Friendship, of Charlotte; and McDonough, of Essex. An appearance in appropriate masonic dress, viz: plain white apron, white gloves, cape, left arm, and sprig of cassia in button-hole.

Among the high masons present were Past Grand Master Egleson and Deputy Grand Master Dewey. The procession was marshaled by Bro. L. C. Snyder, of Huntington, assisted by Bro. E. D. Mason, of Richmond, and N. B. Flanagan, of this city. Mr. Tatt's sudden death, shocking as it is to his affectionate kindred, neighbors, and friends, is a great blow to the masons of Vermont. He has long been deeply attached to the order in its several branches; had served for many years as Master of North Star Lodge, by whose members he was greatly beloved and at the time of his death was Grand Senior Warden of the Grand Commandery of Vermont. Deep in the hearts of his brethren and indeed of all who knew him, far and near, will his memory be cherished. —Times.

Third Annual Re-Union of the Tenth Vermont Volunteers.

Responsive to the call of the Executive Committee of the Re-Union society of the Tenth Vermont Regiment, the members of that patriotic organization, to the number of about forty officers and men, several of whom were accompanied by their ladies, assembled at the Waterbury Hotel on the 21st inst., and extended to each other once more the heart greetings of brothers, endeared and bound together by scenes and times that "tried men's souls."

At four o'clock the whole company repaired to the cemetery, to pay a tribute of respect to the men of the Tenth who died in the service of their country. The graves of William Dillingham and Capt. Lucien D. Thompson, whose remains lie buried there. At the grave of the former an impressive prayer was offered by Captain Haynes, to which the company listened with unwearying heads and tearful eyes.

At five o'clock the company assembled in the hall of the hotel, where a ter the day was being presided over by Chaplain Haynes and the reading of the Treasurer's report, which latter was read by the society to be in a healthy financial condition, the following officers were elected for the ensuing year:

President, Capt John A. Sheldon.
Vice Presidents, Surgeon W. A. C. F. J. S. J. G. Bostwick, Major A. B. Vaile.
Treasurer, Major H. W. Kingsley.
Executive Committee.—Gen W. W. Henry, Major John A. Salisbury, Capt S. E. Sherman.

The Annual Address was delivered by Ex-Gov. Dillingham, of Waterbury, but our space forbids its appearance at this time.

Letters were read from Major Barber, now of the regular army, stationed at Vicksburg, and Capt. S. H. Lewis, expressing regret that they could not be present with their old comrades in arms, at the present meeting, after which the President stated that several had expressed a desire that Lieut. Col. Chandler should, if possible, become a member of the Society and had the case be one them for consideration. After favorable remarks by Gen. Henry, Major Salisbury, and Capt. Haynes and the President, a committee consisting of Surgeon Childe, Captain Haynes and Gen. Henry were appointed to prepare resolutions on the subject. After an hour's session the committee presented the following preamble and resolutions, which were unanimously and heartily adopted.

WHEREAS, By a Court Martial held near—, Dec. 24th, 1864, Lieut. Col. Chas. G. Chandler, Tenth Vt. Vols., was dishonorably dismissed from the service,—be it

Resolved, That the Regimental Association do hereby request that said disability be removed and he receive an honorable discharge from the service of the U. S.

Resolved, That Lieut. Col. Chas. G. Chandler be, and hereby is cordially and unanimously invited to become a member of this Association.

Resolved, That the Vt. Officers Re-Union Society be requested to take some action expressive of their views in the matter expressed in the first resolution.

Resolved, That a Copy of these resolutions be transmitted to Lieut. Col. Chandler by the Secretary of this Association.

[Signed.] WILLARD A. CHILDE, Late Surgeon 10th Vt. Vols.
E. M. HAYNES, Late Chaplain 10th Vt. Vols.
WM. W. HENRY.

On motion of the Chaplain the Society then adjourned sine die—subject to the call of the Executive Committee. The company then proceeded to the dancing hall, and there, in company with many gallant and fair of Waterbury, tripped the "light fantastic toe" until the wee small hours of the morning.

A wonderful monster, 21 feet in length, half fish, half snake, has been caught at Eastport, Maine. In addition to fins, it has two gigantic legs. Is it something after the fashion of Bar. um's mermaid?

Legislature of Vermont—1868.

SENATE.

SATURDAY, Oct. 25.

The President pro tem. in the chair.
Prayer by the chaplain.
Journal of yesterday read, corrected, and approved.
Mr. Dewey moved that when the Senate adjourns this morning, it be till Monday at 10 a. m. passed.

BILLS INTRODUCED AND REFERRED.
H. 25, laying a tax on the County of Franklin; to Senators of Franklin County.
H. 53, to pay Joseph Gilman the sum therein named; to committee on claims.
H. 49, relating to salaries and fees; to committee on finance.

LEGALIZING AND DEFINITION.
A bill has been introduced in the House of Representatives, "to define the line of a lot of land in certain cases," in which it is declared that "the line shall be understood to be the shortest distance between [these] two points." Mathematicians considered this would appear a little absurd; but the object being apparently to prevent titles from being affected by crooked fences, we suppose the defining of definition will be excused by the mathematical members.
On motion of Mr. Halbert, adjourned.

HOUSE.

Prayer by the chaplain.
The journal of yesterday was read and approved.

BILLS INTRODUCED AND REFERRED.
By Mr. Fisher of Westminster, a copy of Ambrose Arnold the sum therein mentioned; to committee on claims.

S. 13, to enable certain towns to aid in building the West River railroad by subscribing for its capital stock; to committee on railroads.

BILLS READ THIRD TIME.

H. 23, to repeal an act to prevent papers from becoming a charge where they have no legal settlement; passed.

H. 43, in amendment of an act relating to levy of execution.

Mr. Converse said that he had been suggested that there was still a defect in the bill, in that it applied to exempt horses and oxen and forage from attachment on debts due previous to first day of December, 1868, and called upon those who raised the objection, to explain.

Mr. Gleason of Morrisville explained how he understood the defect of the bill as it now reads, and proposed the following proviso: "Provided further, that the exemption of said horses and forage therefor, shall not extend to any attachment made on or before the first day of December, 1868, or to any execution issued on a judgment founded on any such contract."

Mr. Converse said that the amendment placed just the interpretation upon the bill which the committee intended that it should bear. He thought it not necessary, but inasmuch as the gentleman from Morrisville thought it necessary, he would prefer that the amendment be adopted.

The amendment was then adopted.

Mr. Boyce, of Fayston said he supposed the intention of the bill was to favor the poorer classes. He had some doubts as to the effect of it, and thought the bill ought to be further amended, and he moved that the bill be ordered to lie, to allow him to propose certain amendments which he thought necessary, before it was passed; which motion was agreed to.

H. 38, granting certain powers to the Northern Educational Union at Fairfax; passed.

REPORTS.

From the committee on corporations, in favor of S. 15, to incorporate the Lamoille Spring and Hotel Company; passed in concurrence.

From committee on railroads, in favor of S. 7, to constitute or in amendment of an act to incorporate the Lamoille Valley Railroad Company; passed in concurrence.

From committee on corporations, in favor of S. 9, to enable the towns in the counties of Washington, Caledonia and Orange, to aid in the construction of the Montpelier and Wells River Railroad, with proposals of amendment, which were agreed to.

Mr. Fisher of Westminster, moved that the bill be ordered to lie upon the table. A bill of this importance ought not to be passed with so thin a House, and to accommodate the friends of the bill he would move further to make it the special order for the next two o'clock on Tuesday afternoon next. Adopted.

From committee on corporations, in favor of S. 14, to incorporate the Vermont Life Insurance Company; passed in concurrence.

From the committee on the judiciary, against H. 79, in alteration of chap. 31, general statutes, relating to justices of the peace.

Upon call for explanations from the committee, by Mr. Foster of Whiting, Mr. Converse said that the committee thought the law better as it is. The change proposed, out of the right of appeal in all suits where the judgment was \$40 or less, instead of \$20, as now; and in all cases where the sum demanded and the specifications or exhibits of the plaintiff do not exceed \$25, instead of \$10, as now. The committee thought the present law was sufficient, and no change desirable.

Mr. Foster of Whiting said he introduced the bill for the purpose of reducing the expenses and hastening the decisions of our suits in law, and he thought if this bill was passed, it would have the desired effect, and notwithstanding the opinions of the committee, he hoped the bill would be duly considered before it was rejected.

On motion of Mr. Wheelock of Berlin, the bill was ordered to lie.
From Committee on education, in favor of H. 57, in amendment of sec. 18, chap. 22, general statutes, relating to public instruction law, with amendments, which were agreed to; third reading ordered.

On motion of Mr. Southwick of Middlebury, adjourned.

A Distressing Cough, causes the friends of the suffering almost as much pain as the sufferer himself, and should receive immediate attention. Dr. W. S. Taylor's Balsam of Wild Cherry, rapidly cures coughs, colds, influenza, sore throat, &c. It will always relieve consumption, and in many well attested cases it has effected a perfect cure.

THE AMERICAN COOKING STOVE.—The only real base burner. It is a well known fact that in a cooking stove with an elongated fire-box the fire will die out at each end, and a large quantity of coal will accumulate at these points. To prevent this in the American and to aid and make a uniform combustion through all parts of the fire-box, air is admitted into a hollow chamber at the top of the stove above the fire, and carried through this hollow heated chamber down to near the bottom of the fire-box at each end, and then admitted directly into the burning mass of coal. By this means a uniform combustion is obtained in all parts of the fire-chamber, and less coal consumed, and a more continuous fire can be kept than in any other stove. This new patented improvement is another great acquisition to this already world-renowned cooking stove, which is now on the Fairgrounds only for exhibition, where it can be seen by all desirous of examining its many perfections, and is for sale by Warrant & Southworth, of this city, agents for Shear, Packard & Co., of Albany. —[Rochester Democrat, Oct. 1st.]

For sale by D. M. Walker, St. Albans, Vt. 3d.

Remedy Pain-Killing Magic Oil is the best thing to use for frost bites, chilblains, burns, scalds, bruises, contusions, and other painful troubles you ever tried. "It works like a charm." d.w.

Quality and quantity are the two desirable attributes of "Barnett's Vegetable Hair Restorative." The bottles are neither corked, stoppered, nor the preparation itself a worthless compound of deleterious materials, as has been proved by the Award Committee of the N. H. State Agricultural Society. —Dorset Enquirer.

For many years the Piano Forte has held unquestioned monopoly; but a growing taste for those orchestral effects in playing which the Piano cannot render, has turned attention to the Organ. Cheapness, portableness, and convenience of manipulation are also advantages in the American Organ, as made by Messrs. S. D. & H. W. Smith, of Boston, which eminently recommend them for home, school, and chapel use. A day or two since we visited the new extensive manufactory of the above-named instruments, on Boston Neck, and were surprised at the vast amount of labor in operation, and the completeness of the appliances in use, from the heavy machinery which cuts the stock, to the delicate apparatus which fashions the key work and action. Messrs. S. D. & H. W. Smith are regarded as the best organ manufacturers in the world, and although able to turn out one hundred instruments a week, they have found difficulty in filling orders, which come from all parts of the country. None who hear these popular instruments, with their round, sonorous, sympathetic and expressive tones, are surprised at the favor with which they are regarded by leading musicans.

Bank Robbery!

Fire in New York.

WORCESTER, Oct. 26.

Sometime since, a package of fifty \$1,000 greenbacks was stolen from the counter of Canal Bank, New Orleans, La. Last Friday, a man offered a \$1,000 bill at the City National Bank in this city. The teller discovered that it was one of the stolen ones, and the man was arrested. He was found to have three bills in his possession which were from the stolen package. He gave his name as L. R. Sergeant, of Brattleboro, and said he received the bills at the National Bank of Redemption in Boston, in exchange for New Hampshire State bonds. He was detained and taken to Boston, where the case was investigated. His story was found to be correct, but the bank officers were unable to tell where they got the bill.

A search of other banks was made, and six more of the bills were found, which had been received in the ordinary course of business.

Mr. Sergeant was released, and demanded the restoration of his bonds from the National Bank of Redemption, but it refuses to pay him. Mr. S. has commenced a suit for their recovery.

They were placed in charge of a constable and guard of 10 men, to be conveyed to Baneville. While en route to that place, the guard were overpowered by a party of men, who hung Good and McIntosh.
